It shall be the Contractor's sole responsibility to insure they are compliant with all applicable federal, state, and county laws, rules, ordinances, statutes, etc., that may impact this contract. The KMPS shall bear no responsibility for monitoring the Contractor's compliance with said legal requirements. If the Contractor fails to maintain legal compliance, The KMPS may find said Contractor in default.

1.1 INVITATION TO BID

The KMPS invites all interested and qualified vendors to submit sealed bids for the procurement of goods and services in accordance with directions specified in the attached General Terms and Conditions and these Special Terms and Conditions.

2.1 GENERAL BID REQUIREMENTS

- A. SINGLE PRICE:** The Bidder will not be allowed to offer more than one price on each item even though the Bidder may feel that it has two or more types or styles that will meet specifications. Bidder must determine which to offer. If said Bidder should submit more than one price on any item, all prices for that item will be rejected.
- B. AGGREGATE BIDS:** Where provision is made on the Bid form for bidding items on an individual, group or aggregate basis, the award will be made on whichever basis is in the best interest of the KMPS. When an aggregate bid is requested, the unit prices for each item shall be identified in the bid response. The unit prices in an aggregate bid should be consistent with the total quoted price for an aggregate bid. No bid or a combination of items will be permitted except as noted in the General Terms and Conditions.
- C. COMPLIANCE WITH SPECIFICATIONS:**
 - 1. The awarded Bidder shall abide by and comply with the true intent of the specifications.
 - 2. Awarded Bidder shall not take advantage of any unintentional error or omission
 - 3. Awarded Bidder shall fully complete every part as the true intent and meaning of the specifications, as decided by the Procurement Director. Where the requirements of the laws, ordinances, etc., are mandatory, they shall govern.
 - 4. The successful bidder, after award and before manufacture and/or shipment, may be required to submit working drawings or detailed descriptive data identified as acceptable to The KMPS, which would provide sufficient data to enable The KMPS to judge the bidder's compliance with the specifications.
- D. DEVIATIONS TO SPECIFICATIONS:** Any deviation from the specifications must be noted in detail by the Bidder, in writing, as an attachment to the bid response. Bidders are fully aware that any deviations may render their bid as non-responsive. The absence of a written list of specification deviations attached to the bid response will hold the Bidder strictly accountable to The KMPS to the specification as written. After Bid award, any deviation by the Awarded Bidder from the

specifications, without prior documented approval, will be grounds for rejection of the goods and/or equipment when delivered.

- E. SUB-CONTRACTORS:** The Awarded Vendor shall give its constant personal attention to the faithful execution of this contract, shall keep the same under its own control, and shall not assign by power of attorney or otherwise, the work or any part thereof without the previous written consent of the KMPS. The supplier/contractor agrees to notify the issuing body of those entities that wish to use any contract resulting from this bid and will also provide usage information, which may be requested. A copy of the contract pricing and the bid requirements incorporated in this contract will be supplied to requesting agencies.

Each participating jurisdiction or agency shall enter into its own contract with the Awarded Bidder(s) and this contract shall be binding only upon the principals signing such an agreement. Invoices shall be submitted in duplicate "directly" to the ordering jurisdiction for each unit purchased. Disputes over the execution of any contract shall be the responsibility of the participating jurisdiction or agency that entered into that contract. Disputes must be resolved solely between the participating agency and the Awarded Bidder. The KMPS does not assume any responsibility other than to obtain pricing for the specifications provided.

The Environmental Protection Agency issued a final rule under Section 203 of Title II of the Toxic Substances Control Act (TSCA), 15 U.S.C. 2643, and effective December 14, 1987, to require all educational agencies to identify Asbestos Containing Materials in their school buildings and take the appropriate actions to control release of Asbestos Fibers. The local educational agencies are required to describe their activities in management plans which must be made available to all concerned persons and submitted to State Governors. This final rule requires that local educational agencies use specially trained and certified persons to conduct inspections for asbestos, develop management plans, and design or conduct major actions to control asbestos.

KMPS has developed a plan for each school facility that shows where Asbestos Containing Materials or suspected Asbestos Containing Materials are to be found therein. This plan is available in the main office at each of our schools or facilities.

Therefore, any short-term worker/vendor/contractor installing services/equipment or making repairs in any facility of KIPP Memphis Public Schools will be responsible for determining whether or not their work will be in an area with Asbestos Containing Materials, it will be imperative that KIPP Memphis Public Schools be advised and approve performance of such work before it is started.

Davis-Bacon Act and Related Acts

([40 USC §3141 et seq.](#); [29 CFR Parts 1, 3, 5, 6 and 7](#))

The Davis-Bacon and Related Acts, apply to contractors and subcontractors performing on federally funded or assisted contracts in excess of \$2,000 for the construction, alteration, or repair (including painting and decorating) of public buildings or public works. Davis-Bacon Act and Related Act contractors and subcontractors must pay their laborers and mechanics employed under the contract no less than the locally prevailing wages and fringe benefits for corresponding work on similar projects in the area. The Davis-Bacon Act directs the Department of Labor to determine such locally prevailing wage rates. The Davis-Bacon Act applies to contractors and subcontractors performing work on federal contracts. The Davis-Bacon Act prevailing wage provisions apply to the "Related Acts," under which federal agencies assist construction projects through grants, loans, loan guarantees, and insurance.

For prime contracts in excess of \$100,000, contractors and subcontractors must also, under the provisions of the Contract Work Hours and Safety Standards Act, as amended, pay laborers and mechanics, including guards and watchmen, at least one and one-half times their regular rate of pay for all hours worked over 40 in a workweek. The overtime provisions of the Fair Labor Standards Act may also apply to DBA-covered contracts.

Employee Rights

The Davis-Bacon and Related Acts provide laborers and mechanics on covered contracts the right to receive at least the locally prevailing wages (including fringe benefits), as determined by the Department of Labor, for the type of work performed. The [Wage and Hour Division](#) and respective federal contracting agencies accept complaints of alleged Davis-Bacon violations

Notices and Posters

Every employer performing work covered by the labor standards of the DBRA must post the WH-1321 "[Employee Rights Under the Davis-Bacon Act](#)" poster at the site of the work in a prominent and accessible place where it may be easily seen by workers. The applicable wage determination must be similarly posted.

Recordkeeping

Under the Davis-Bacon and related Acts, covered contractors must maintain payroll and basic records for all covered laborers and mechanics during the course of the work and for a period of three years thereafter. Records to be maintained include:

- Name, address, and social security number of each worker
- Each worker's work classifications
- Hourly rates of pay, including rates of contributions or costs anticipated for fringe benefits or their cash equivalents
- Daily and weekly numbers of hours worked
- Deductions made
- Actual wages paid

- Detailed information regarding bona fide fringe benefit plans and programs, including records that show that the plan or program has been communicated in writing to the laborers and mechanics affected
- If applicable, detailed information regarding approved apprenticeship or trainee programs

Some of the records required to be kept under the law are also required under the Fair Labor Standards Act. See Wage and Hour Division [Fact sheet #21: Recordkeeping Requirements under the Fair Labor Standards Act \(FLSA\)](#).

Reporting

Each covered contractor and subcontractor must, on a weekly basis, provide the contracting agency a copy of all payrolls providing the information listed above under "Recordkeeping" for the preceding weekly payroll period, except that that full social security numbers and home addresses shall not be included on weekly transmittals, and instead the payrolls only need to include an individually identifying number for each worker (e.g., the last four digits of the worker's social security number). Each payroll submitted must be accompanied by a "Statement of Compliance" using page 2 of [Form WH-347 Payroll \(For Contractors Optional Use\)](#), or any form with identical wording, certifying compliance with applicable requirements. The statement is to be signed by the contractor or subcontractor, or by an authorized officer or employee of the contractor or subcontractor who supervises the payment of wages, and delivered to a representative of the federal or state agency in charge. This must be submitted within seven days after the regular pay date for the pay period.

From time to time, contractors may also be asked to submit, via survey, wage data from construction projects on which they have employed laborers and mechanics for use by WHD in determining the locally prevailing wage rates that will apply to Davis-Bacon and related Acts-covered projects in the future. The submission of wage data is encouraged, but voluntary. When new surveys are conducted to enable WHD to reflect the locally prevailing wages, contractors and others may use the [WD-10 Form, Report of Construction Contractor's Wage Rates](#).
